Area of Site:				
Area of all Buildings:				
% Site Coverage of all buildings:				
Area of Accessory Building:				
% Site Coverage of Accessory Building:				
Finished height of building(s):				
Parking spaces provided:				
Yard Setbacks:	FRONT:	BACK:	SIDE:	SIDE:

9. FIRE INSPECTIONS

Your development may require a fire inspection. The Notice of Decision will be forwarded to the local fire department for review and you will be contacted if an inspection is deemed appropriate.

10. TIME LIMITS

DEVELOPMENT AUTHORIZED BY A DEVELOPMENT PERMIT MUST COMMENCE WITHIN TWELVE (12) MONTHS FROM THE DATE OF ITS ISSUE AND BE COMPLETED WITHIN TWENTY-FOUR (24) MONTHS OF THE ISSUE.

11. BUILDING STANDARDS:

In addition to compliance of all provincial building codes, the following local by-laws pertain to construction in the Town of Irricana:

ANY DEVELOPER DISTURBING TOWN OF IRRICANA PROPERTY IS RESPONSIBLE FOR ITS RESTORATION. ALL PAVEMENT/CONCRETE MUST BE REPLACED. ALL BACKFILL MUST BE COMPACTED.

Garbage and Refuse Disposal Bylaw #8:2003

4.11 (a) Building waste resulting from the construction, repair, decorating, clearing or grading of a building or premises;

- (i) The owner of any premises producing building waste shall provide and maintain on the premises in good condition, a sufficient number of waste receptacles or commercial containers, to store the building waste;
- (ii) Not allow his premises or adjacent premises to become untidy and unsightly because of accumulated building waste;
- (iii) Periodically deliver and dispose of all building waste to a disposal site at his own expense;
- (iv) Recapture any building waste which is blown off the premises and immediately place the same in a waste receptacle or commercial container.

Water Meters in New Construction and Relocated Buildings Bylaw #1:2002

a) Effective April 1, 2002 all water service connections for new construction and relocated buildings, residential or commercial, shall be connected to water meters as supplied by the Town upon paying a service connection fee outlined in Schedule "A".

Water Conservation Measures Bylaw #3:2000

Effective February 22, 2000 all Building Permits issued for new construction will be required to have water efficient plumbing fixtures which meet the following minimum requirements:

All flush type toilets must be either of the "ultra low-flush" type or fitted with water conservation devices to provide for a water usage not exceeding 1.6 US gallons or 6.05 litres per flush.

All shower heads must be rated not to exceed a flow of 2 US gallons or 7.57 litres per minute at a pressure of 75 pounds per square inch. In any area of the Village of Irricana where static water system pressures exceed 75

pounds per square inch, individual services shall be equipped with a pressure regulator pre-set at not more than 65 pounds per square inch.

Land Use Bylaw #07:2018 – Drainage

In no case shall any part of any structure encroach or cause runoff on an adjoining property.

Any area requiring landscaping or topographic reconstruction shall be landscaped or reconstructed so that the finished surface contours do not direct surface drainage onto an adjoining site.

Roof drainage from all buildings and structures shall be directed by means of eaves troughs, drain-spouts, or such other suitable means, onto the property where the building or structure is located.

Bylaw #5:94 - Section 5. - Storm Drainage

(a) Except as otherwise provided herein, no person shall direct, allow or suffer any storm water to be placed in the sewerage system.

Building Requirements for Weeping Tile must flow and drain into storm system, sump pump to be installed and apparatus for pumping out to splash pad installed.

THIS IS NOT A BUILDING PERMIT.

ALL APPLICABLE BUILDING, ELECTRICAL, GAS AND PLUMBING PERMITS MUST BE APPLIED FOR AND OBTAINED SEPARATELY BEFORE COMMENCING CONSTRUCTION.
